Quality of Life

Residents enjoy daily activities including exercise, social events, happy hour, entertainment by local artists and seasonal celebrations. We have an outdoor seating area and patio where residents and families like to spend time visiting on nice days. We host bands, barbeques and entertainment here as well.

From a Family Member...

My brother Jim, who is 84 years old, was living in a retirement community. He required assisted care and feels very fortunate to be a resident of The Bernardine where the services are outstanding. Because he is sight impaired, Jim was having difficulty managing his medications and his meals were not very nutritional at his previous residence.

My brother loves the food at The Bernardine. Bathing and dressing, assisting and monitoring his health issues provides a great relief to our family. Jim immediately felt accepted, safe and cared for and is very happy. Thank You!
