

Quality of Life

The quality of life at Buckley Landing is paramount. Residents may choose to participate in activities that are scheduled daily, or gather spontaneously in one of our lounges or game areas to chat with their neighbors, play cards or watch classic movies. Residents also enjoy private time in their own spacious rooms. Buckley Landing has regularly scheduled outings as well that are very popular with residents.

From a Family Member

“Selecting Buckley Landing for our Mom’s care was an easy choice to make. From the beginning we were impressed by the clean and pleasant surroundings, and we were led through the admissions process by caring professionals. Mom receives the care and attention she needs on a daily basis while still having the right level of independence she enjoys. Buckley Landing provides attentive case management, excellent nursing support, and nutritious dining. True caring for the residents is demonstrated daily by the staff, and communication with family members is always positive.

Buckley Landing continues to meet all of our expectations, and we would encourage all of our family and friends to consider this facility a top choice for their loved ones.”
