

Wound Care

Helping to heal and prevent infection.

Daybreak's healthcare professionals understand the intricacies of dealing with open wounds and pressure sores. Our qualified staff help participants to manage their wounds by promoting healing and preventing infection.

Daybreak provides the following services to assist individuals in managing their wounds:

- *Infection prevention*
- *Monitor wound healing*
- *Administer treatments (such as dressing changes per physician orders)*
- *Coordinate services with community wound care centers*
- *Provide nutritional counseling*
- *Coordinate customized care among physician, participant, families/caregivers and home care*
- *Physical/Occupational therapy consult as needed*
- *Assess pressure relief*
- *Educate participants and families about wound care*

Our licensed nursing staff work with your physician and wound care specialist to provide comprehensive treatment of wounds.
